

## What is EMSI's experience in Paramedical Services?

EMSI began providing quality paramedical examinations and medical services to the life and health insurance industry over three decades ago. Today, we offer a full-service concept that includes EKGs, stress tests, blood draws, medical histories, physical measurements, examinations, mobile M.D. exams, inspections, attending physician statements (APS) and more.

# Insurance Underwriting single paramedical services

How does EMSI provide faster, easier access to exams and results?

By harnessing the power and speed of the Internet, EMSI enables quick, convenient access to its unmatched paramedical services.

### **AutoStat:**

An exclusive service of EMSI, AutoStat update emails help you manage the status of your clients' exams with the click of your mouse.

A simple sign-up process at [www.emsinet.com/autostat](http://www.emsinet.com/autostat) enables

you to receive automated email updates from EMSI that include:

- new order confirmation
- scheduled appointments
- cancelled appointments or delays
- date exam completed with barcodes

a single partner, **infinite possibilities.**

***www.exams4web.com:***

Simplifying the process of order placement and allowing you to spend more time managing your core business, EMSI has created its own online ordering site for paramedical services. Here are just some of the benefits this service provides:

- 24/7 access to all status updates
- easily accessible, up-to-the-minute status and tracking of all cases
- national distribution of orders by state and zip code
- no phone contact is necessary to place an order

***Imaging technology:***

At EMSI, we understand your need for quick access to accurate information. Our state-of-the-art imaging technology, ECHO, will bring you electronic images of your completed exams, inspections and Attending Physician Statements faster than anyone else.

ECHO can be used to:

- store completed exams electronically through fax transmission or scanning
- immediately notify clients electronically about completed exams
- create an electronic forms library for easily accessing and updating forms

**Why choose EMSI's Paramedical Services?**

***Nationwide coverage  
convenient locations:***

With over 230 office locations nationwide, EMSI offers extensive coverage. EMSI's mobile service capability allows us to service more than 15,000 cities and towns across the United States, as well as outlying and remote areas.

***The best staff  
in the business:***

Our examiners pride themselves on quality service and personal attention to each applicant. EMSI's strict training and certification guidelines, along with continued quality control, allow us to live up to the claim that our personnel is the best in the industry – trained professionals with service in mind.
